

## **SNOW WARDEN AND COMMUNITY SELF HELP**

Throwleigh and Murchington Parish Council have set up a snow warden scheme to help parishioners without suitable transport in times of icy and/or snowy conditions with basic shopping or a lift to the shops. Below please find contact numbers of parishioners with 4 x 4's who have agreed to help in these conditions.

Self help is about communities coming together to help each other on a voluntary basis during times of extreme weather. Devon County Council has provided the Parish with 5 tonnes of salt for the salt spreader purchased for the community.

David Jordan as snow warden assisted by Ian Crawford and Duncan Vincent will plan a co-ordinated approach to snow clearance, having assessed the conditions and risks. In severe weather conditions, the best course of action may be to do nothing until the main storm has passed. More benefit may be had by recording the problems and planning a co-ordinated approach once the situation has settled down. Should you wish to add your name to the list of either drivers or helpers, please contact Julie Macey on 07980 908732 or email [julie.macey@btinternet.com](mailto:julie.macey@btinternet.com)
